Overview

The colours you want, the grip you deserve.

Gripler gives you the moisture shedding, long gripping sensation you crave, with the hard wearing resilience you expect from Race Face. Our proprietary compound feels great with both gloves and bare hands - and with ramped grip profile on finger side plus varied grip depth on palm side, Gripler will bring you to a higher level of digitization. Available now in 10 colors, and two sizes, the Gripler surpasses industry standards for gripability. And now with double Lock-on's, the Gripler even grips itself. Get a grip, with the Gripler.
