Overview

This is an all natural sports drink. It replaces both the fluid and electrolytes you lose in your sweat while providing just enough calories to help fuel your working muscles. Flavoured with only real fruit and containing no artificial colours or preservatives, our drink mix won't upset your stomach, leave a bad taste in your mouth, or challenge your IQ with tongue twisting chem-lab ingredients. It just works better. Maybe that's why, for years, top athletes have been secretly replacing their sponsors' products with drink mix made from Skratch. You Sweat. We Hydrate.

Available to buy as boxes of 20 servings or re-sealable 1lb bags.**

***Resealable Bag contains ~20 16oz (500mL) servings.*

These drink mixes are verified non-GMO, gluten free, dairy free, vegan and kosher.
