Overview

Protect your mountain bike wheels and transport them in style. The Race Face Double Wheelbag is designed so your wheel set sits offset with no opportunity for the cassette or axles to rub or the other wheel. The double wheelbag features a durable Cordura shell, high-density padding to prevent damage, zippered closure system, a shoulder carrying strap, and can fit wheels up to 29" with 2.4 tyres or 27.5+ wheels with tyres.
