Price : £8499.00 inc VAT

Overview

Forget all of the electric mountain bike concepts that you've know until now. The updated Mondraker e-Crusher Carbon changes the rules for high-performance e-MTB's. At its heart beats a Shimano Steps E-8000 motor which is encased elegantly within a ground breaking full Stealth Carbon frame delivering a stiff, powerful performance package. For 2019 the e-Crusher has been upgraded to the brand new e-bike specific SRAM EX1 Eagle 8 speed drivetrain.

Running all new extreme racing suspension for 2019 with Fox 36 Factory GRIP2 170mm travel e-Bike optimized forks and a Trunnion mounted Fox DPX2 LV factory rear shock delivering 150mm of rear wheel travel while leaving room for a bottle cage to be mounted on the downtube.

Keeping the bike planted on the trail so riders can truly exploit its full travel and potential is a DT Swiss Hybrid 27.5+ wheelset complete with Maxxis 2.8" tyres, bolted with stiff Boost axle's front and rear.
