Pack Quantity Piece  
Price : £2959.20 inc VAT

### Overview

---

The 2018 e-Prime is a super efficient, fast and fun all-day e-MTB weapon. All models feature Mondraker's world beating Forward Geometry frame design. 27.5+ wheels running 2.8" tyres as standard provide reassuring grip in the turns and traction even under the added torque from the powerful 500Wh Bosch Performance CX motor.

The 2018 e-Prime R+ features an Xtralite alloy frame running a Fox 32 Rhythm 120mm fork and the new Onoff Pija internally routed remote operated seat post.
