Pack Quantity Piece
Price : £3839.20 inc VAT

Overview

A highly capable, performance, trail bike ready for the mountain.

When Yeti designed the SB5 Beti, they made it to excel in the most demanding situations. With a team of female pros and product testers looking for and wanting a lightweight bike that could handle the rigors of long days in the backcountry or even lift served access. Yeti took the proven SB5 and added a lighter shock tune, women's specific saddle, shorter crank arms and slightly narrower handlebars. With the lowest standover in category, you'll have the added confidence knowing frame clearance won't be an issue. frame clearance won't be an issue.

Climb with ease thanks to the efficient Shimano XT 11x46 rear cassette and a 30T chainring on the SB5 Carbon XT/SLX. Point this bike downhill and get ready to rip with the Switch Infinity suspension platform and the metric Fox Performance suspension.
