Overview

A slightly modified profile gives these trail bars the extra boost you're looking for at high speeds. Built for tearing your favourite trail. Fast.

Generous 780mm width to give you the stance and control you need. This is a no nonsense, set and forget bar that is equally at home on your trail bike as it is on an enduro machine. Take your bike to the Rally level without breaking the bank.

FEATURES

- Manufactured from 2014 Aluminium.
