 RACEFACE

-F50092BLK

Matchmaker 1x Compatible  
2 mounting positions  
Textured non-slip thumb

Pack Quantity Piece  
Price : £79.95 inc VAT

### Overview

- Places lever in optimal position left vacant by the lack of front shifters on 1x setups.
- Matchmaker 1x Compatible.
- Made from forged and machined 6061-T6 Aluminium for high strength and light weight.
- Lever pivots on precision bearings for smooth action and durability.
- 2 mounting positions for ideal placement for each user.
- Increased leverage ratio for reduced actuation force over universal lever.
- Textured non-slip thumb pad for not slipping thumbs.
- Optimized for Race Face Turbine R and FOX Transfer dropper posts, but will actuate others (11mm of cable pull max).
- High quality steel cable tension adjuster to dial in post operation perfectly.
- Cable clamp at lever end (cable head at post-end of cable assembly).
- Fits Turbine R Dropper, Fox Transfer
