### Overview

Specifically designed with the growing Enduro scene in mind, the Indy Elbow combines the unrestricted mobility of the Race Face Charge Elbow with the added impact protection of D30™. Second-skin Butterfly Mesh sleeve with targeted D30™ high performance shock absorbing protective foam elbow. Protection you can trust on rowdy descents built into a minimal sleeve for unlimited range of motion while climbing.

- Butterfly mesh sleeve with second skin fit and targeted D30™ high performance shock absorbing foam elbow coverage.
- Silicone gripper along inner top opening ensures 'stay-put' fit.
- Woven elastic top strap with velcro closure offers personalized adjustment.
- Flatlock comfort seam finish.
