Price : £64.98 inc VAT

Overview

Breathable, comfortable, cut for bike use, and the list goes on...all the reasons why the Women's Smuggler Hoody is the perfect, all-around piece for cool days. While it has great performance to warrant cold weather use on your ride, it still has a casual look that begs to be worn with flip flops, not just SPDs.

- Ultra-soft, wicking fabrics throughout with a DWR finish.
- Longer torso and sleeves for the perfect coverage both on and off the bike.
- Zip through collar for added protection and warmth.
