Overview

The Tolland S/S jersey is made for those frequent instances we're charging up Apex on a hot summer day. When our home trail can feel like an easy-bake oven, and we sweat - a lot. This year we added Polygiene - anti-stink technology that allows you to skip washing this jersey. Yes, we're serious. DriRelease side panels and underarms ensure sweat is wicked away promptly and the sunglass wipe keeps you seeing clearly. Paired best with the Teller or Freeland Short.
