Price : £55.97 inc VAT

Overview

The Yeti TURQ series is a moniker that promises the best quality product available - just like the designation on our TURQ bikes. The all-new TURQ Air L/S jersey is equipped with tiny holes small enough to let air in, but keep water out. Meaning if you're caught in a mid-summer rain storm, you'll stay dry. Thanks to Long sleeves, UPF and Polygiene treatments, you're sure to avoid sun burn and stinkage. You don't have the wash this jersey, if you don't care to. We tested it.

Features

- Polygiene anti-microbial, odor control treatment that will never wash out.
- Hidden sunglass wipe.
- Lightweight breathable fabric to keep you cool.
- Split hem.
- UPF 30+.
- Drop hem for full back coverage on the bike.
- Quick dry.
